The following hunters saw big bears but could not capitalize. Call them and they will tell you why.

Patrick Allard	Kevin Hudson
Jon Creel	Ben Mitchell
Gary Decker	Diane Owen
Max Drenner	Bill Pickens

Success Rate 81% !!

Harvested: 38 bears = 24 Boars + 14 Sows

Fired At :13 bears

4 bears over 400 lbs.  
8 bears over 300 lbs.  
8 bears over 200 lbs.  
18 bears under 200 lbs.

More than 1/2 the bears harvested were over 200 lb.

To Our Fall 2003 Bear Hunters:

October 3, 2003

*What a fall hunt!!! Big, big bears!!!*

**Success rate 81%** with 4 bears over 400 lbs., 8 bears over 300 lbs. and 8 bears over 200 lbs. There were also 8 hunters who saw big bears but could not harvest these bears for a number of reasons: (bear did not come within bow range, saw hunter and left or bear fired at and could not find). Remember, we now have a new scale, maximum 440 lbs., so no more guesstimates (estimates).

Why are we still harvesting so many large bears after being in business for 18 years? The only reason I may suggest is that my bear grounds are bordered on the west by the Pukaskwa National Park and on the east by the Chapleau Game Preserve and since the timber company harvests the trees, new growth and proper baiting entices these large bears, who require a lot of food, to leave the old growth forests in the parks.

The statistical sheet is almost self-explanatory. The only difference is that the size of each party is a blocked area and for some parties the organizer who did not hunt is shown at the top of the blocked area.

Now for a few highlights:

-Rick Kalinowski with the Dale Byce party was our 1st hunter and on the first night of his hunt he harvested a 300 lb. Boar.

-Jack Klappmuss with his son Mike organized a party of eight hunters and went home with 5 bears. Joel Hofstra had a 410 lb. boar and Jason Workman harvested a 350 lb. boar. Joel has the honour of getting the 2nd largest bear of the season.

-Mark Kent harvested a 450 lb. boar using his bow and is no doubt the "man of the big bear season". I believe he is still on "cloud 9" and is explaining to Gary, Ron and Wally Decker how to do it. Congratulations Mark, you definitely will be in the record book for "Pope and Young".

-Dave Rosemeyer and Brian White each harvested 400 lb. bears. They hunted with the Ron Enderle party who went 4 for 5. These bears are 3<sup>rd</sup> and 4<sup>th</sup> largest of the season.

-The Randy Dalton party included Bill Dumford and his sweetheart Theresa Verdon. Remember Bill is the one last year who harvested a 500 lb. boar. Well, he still has the horseshoe in the right location, because on the 5<sup>th</sup> night of his hunt he harvested a 360 lb. boar and his lady Theresa who sat on a set one mile away harvested a 310 lb. boar on the same night.

Theresa Verdon and Diane Owen were our only ladies and Diane hunted hard for 7 days but the big bear she saw on the 4<sup>th</sup> night did not give her a shot nor did he come back. Congratulations Theresa and, next year Diane.

The Mike Gorrell party went 4 for 6 and Bob Hoce who had a 400 lb. cinnamon, last year did it again. This time a 375 lb. boar. Mike Creel's bear is right up there with the heavyweights, a 375 lb. boar using his bow. When Mike found his bear the next morning, it had a large section eaten out by either wolves or a larger bear. Call Mike Creel for more information.

Want more info on wolves howling and eating on bear parts, call Jack Klapmust or the Scott Grieshop party.

Well another great season and I have already started picking up bait for next fall. We more than likely **will not** have a spring bear hunt since the provincial elections occurred yesterday and the Liberal party who won a majority vote were not advocating a spring bear hunt.

I have already received deposits from 4 parties for the fall of 2004 and I do not plan in taking more hunters than this last fall. So if you have previously hunted with me and are interested in next fall's hunt you should at least call me and explain tentatively the number of hunters. I do not require deposits at this time but I will at least call you, when my deposits come close to 65 hunters. My rate will remain the same for next year.

On behalf of James and I, may all your other hunts be most successful.

Sincerely,

Mike

MB/kr

I will send an advertising brochure to some of my hunters and I will add pictures on my photo gallery on my website: [www.superiorbearoutfitters.com](http://www.superiorbearoutfitters.com)
